YOUR HEALTH INFORMATION

This notice applies to the information and records we have about your health, health status, healthcare, and service you receive at this office. We are required to give you this notice which will tell you about the ways in which we may use and disclose health information about you. Additionally, it will describe your rights and our obligations regarding the use and disclosure of that information.

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

We must have your written, signed *Consent* to use and disclose health information for the following purposes:

- **For Treatment** - We may use health information about you to provide you with medical treatment or services. We may disclose health information about you to doctors, nurses, technicians, office staff or other personnel who are involved in taking care of you and your health.

For example, your doctor may be treating you for a heart condition and may need to know if you have other health problems that could complicate your treatment. The doctor may use your medical history to decide what treatment is best for you. The doctor may also tell another doctor about your condition so that doctor can help determine the most appropriate care for you.

Different personnel in our office may share information about you and disclose information to people who do not work in our office in order to coordinate your care, such as phoning in prescriptions to your pharmacy, and scheduling lab work and ordering X-rays. Family members and other health care providers may be part of your medical care outside this office and may require information about you that we have.

- **For payment** - We may use and disclose health information about you so that the treatment and services you receive at this office may be billed and payment may be collected from you, an insurance company, or a third party.

For example, we may need to give your health plan information about a service you received here so your health plan will pay us or reimburse you for the service. We may also tell your health plan about a treatment you are going to receive in order to obtain prior approval, or to determine whether your plan will cover the treatment.

- **For Health Care Operations** - We may use and disclose health information about you in order to run the office and make sure that you and our other patients receive quality care.

For example, we may use your health information to evaluate the performance of our staff while caring for you. We may also use health information about all or many of our patients to help us decide what additional services we should offer, how we can become more efficient, or whether certain new treatments are effective.

- **Appointment Reminders** - We may contact you as a reminder that you have an appointment for treatment or medical care at the office.
- **Treatment Alternatives** - We may tell you about or recommend possible treatment options or alternatives that may be of interest to you.
- **Health-Related Products and Services** - We may tell you about health-related products or services that may be of interest to you.

Please notify us if you do not wish to be contacted for appointment reminders, or if you do not wish to receive communications about treatment alternatives or health-related products and services. If you advise us in writing, at the address listed at the bottom of this notice, that you do not wish to receive such communications, we will not use or disclose your information for these purposes.

You may revoke your *Consent* at any time by giving us written notice. Your revocation will be effective when we receive it, but it will not apply to any uses and disclosures, which occurred before that time. If you do revoke your *Consent*, we will not be permitted to use or disclose your information for purposes of treatment, payment or health care operations, and we may therefore choose to discontinue providing you with health care treatment and services.
